

Isabelle Sellon School

Our Mission:

To learn, play and be well

Our Vision:

Innovative learning

Strength through wellness

Students as Leaders

FEBRUARY NEWSLETTER

Health and Safety Update

We understand the many questions and concerns that have been shared by our families and community following identified COVID 19 cases at the school. Our school has worked very closely with Alberta Health Services and Livingstone Range School division to ensure all guidelines and protocols are adhered to following the identification of a positive case.

Occupational Health and Safety performed an inspection of our school site on January 28th. During this inspection, our school re-entry guidelines were also revisited. We are pleased to report our school is in full compliance of health and safety regulations. and no further safety recommendations were made.

Now that we have gone through this process, we have identified areas for improvement, based on your feedback, to reassure our families and community. Thank you for your support.

Place Based Learning Scoreboard

Place based learning is one of our school goals to inspire conceptual understanding and deep learning experiences. It is also a community wide project and divisional initiative.

Our classes are having a friendly competition to see which classrooms are investigating learner outcomes in inquiry based and innovative ways over the next two months.

Talk to your child to inquire what unique learning projects and activities they may currently be engaged in!

Upcoming Key Dates:

Feb. 5th- no classes for students. Tri-School (HAS, ISS, CCHS) Professional Learning Day

Feb. 11th- PPK measurement day for students requiring ski/board rentals.

1BOOK5SCHOOLSUPDATE

Students and families are able to access all recorded chapters of "Song for a Whale" on our school website. Go to the main page, click Quick links then click 1Book5Schools.

School Based Programming with Pass Powderkeg

All students are encouraged to participate with their grade level cohort on designated programming days with PPK. We offer this program to enhance Physical Education outcomes for all students.

There is no alternate programming available at the school on your child's designated cohort PPK days.

All school expectations for health, safety and behavior apply to programming on or off campus.

Grade 4 Cohort PPK days- Feb. 24th, Mar. 5th, Mar. 11th

Grade 5 Cohort PPK days- Feb. 25th, Mar. 3rd, Mar. 12th

Grade 6 Cohort PPK days- Feb. 26th, Mar. 4th, Mar. 10th
