"TO LEARN, PLAY AND BE WELL TOGETHER"

March 2025

Putting First Things First

Habit 3 - Reflecting on Effectiveness

When we put "first things first" we are making an effort to manage time and tasks well. This is what self-management is all about. It's the ability to organize our time around the *most important things*; and not the most urgent things.

Focus, integrity, discipline and prioritization are key principles to ensure this habit is effective.

Each classroom has created a bulletin board to showcase the key principles for each of the habits. These are on display around the school. Be sure to check them out during the Celebration of Learning!

We've so proud of these, that they have been included in this newsletter!

Empowering Students

A wildly important goal at Isabelle Sellon School is that students lead their own learning. To do this, students are supported to build resilience as they work to overcome barriers, problem solve and find solutions on their own while also recognizing how to elicit support when needed.

On March 20th, students will lead their families in celebrating their achievements and reflect on areas for growth during the last term of the school year.

Bookings will open and available on our school website starting March 13th.

Upcoming Events

- March 7 and 14- PPK Programming
- March 13- Term 2 Report Cards go home
